Shrubs & Seeds

Jan, -24, -1959

U.S.* Dept of Agriculture

In answer to your letter of Jan, -first 1959.

I do not put out catalog or regular price list, due to the fact that Redwood seed and young trees are not available every year, I try to have some seed on hand at all times, the same applies to trees but I may not have the proper size that some customer wants. or the number of trees wanted.

Seed in large quantities must be ordered in advance of collecting season, which is about October 15th. trees should not be ordered in summer months, not later than April first. best time for transplanting Nov, -1, -to April, -1, -for best results.

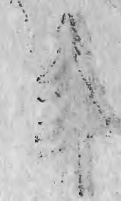

I do collect some other local native shrubs but only under special orders. your letter indicates you want some idea on price we charge for trees and seed.

1000 seed package post paid in U.S.----- \$ 1.00
 Sequoia Sempervirens Redwood Seed -----one-lb----- \$10.00
 quantity orders up to 500 lbs -----per lb,---\$ 7.50
 Sequoia Gigantea seed, --per 1000 seed package,----- \$1.00
 we do not have Gigantea trees on hand at this time
 Myrtlewood trees in small orders up to 12 trees, post-paid---\$ 6.00 U.S.
 small one year trees
 Myrtlewood seed not available in 1958. abundant crop may be possible
 fall of 1959. I only handle fresh seed. no orders placed at collecting
 time only a few lbs collected.

Have a few Dawn Redwoods on hand Metasequoia special orders only

THE UNIVERSITY OF CALIFORNIA

1900-1901
Vol. 1, No. 1

THE UNIVERSITY OF CALIFORNIA

The University of California is a public institution of higher learning, established by the people of the State of California. It is the largest and most comprehensive university in the United States, and is the only one of its kind in the world. The University is composed of several branches, each of which is devoted to the study of a particular branch of knowledge. The branches are: the College of Arts and Letters, the College of Agriculture, the College of Engineering, the College of Medicine, the College of Science, and the College of Education. Each branch is headed by a faculty of distinguished scholars, and is equipped with the latest facilities for research and instruction. The University is also a center of cultural and social life, and is the home of many of the most important cultural and social organizations in the State. The University is a source of pride and honor to the people of California, and is a source of inspiration and guidance to the people of the world.
